INTRODUCTION

Auction Note: This exceptional property presents an opportunity to own a well-balanced tract of productive pastureland and cropland, enhanced by outstanding wildlife habitat. The pasture is supported by a stock dam, well water, and a very well-maintained 4-wire perimeter fence, making it ideal for grazing operations. In addition to its agricultural strengths, the property is a hunter's paradise, offering excellent pheasant hunting along with fantastic mule deer and white-tailed deer hunting. Heavily wooded draws provide ideal cover and habitat, and the land has even seen large bull moose and bull elk passing through. Approximately 404 +/- acres of highly productive cropland are included, with Soil Productivity Indexes (SPI) ranging from the 70s to 90s, highlighting the land's farming potential.

The property is subject to a landowner/tenant lease through 2025, with the new owner(s) receiving the 2025 lease payment. Sellers will retain the subsurface mineral rights of what they currently own. There are no USFW Easements on this property. **
