COVID-19 Auction Updates

January Auction Updates

Pifer's Auctioneers is consistently updating its strategies to best respond to the COVID-19 situation. The health and safety of our customers, clients, and employees are our top priorities. With the government's recommendation to limit the size of crowds, Pifer's will be addressing each Pifer's auction individually. Pifer's will make decisions on an auction by auction basis. Pifer's policies and strategies for land and equipment auctions are different so please read the following information carefully.

It is Pifer's recommendation that buyers consider registering and bidding online at **www.pifers.com** as Pifer's will offer Online Bidding for all upcoming land and equipment auctions. We currently have staff standing by to assist you in the online registration and bidding process to make it as easy and reliable as possible. Based on information from the Center for Disease Control (CDC) it is further recommended that all individuals with underlying health conditions and those more susceptible to risk should limit contact with others. If you are sick please stay home.

Pifer's Auctioneers request that all auction attendees conform to the recommendation of Social Distancing and refrain from contacting other people at the auction site. Additionally, Pifer's will provide masks and hand sanitizer and assist in keeping a safe environment to the best of our ability. Each auction will also be viewable online without registering to bid, we ask that non-essential persons refrain from attending the auctions and consider watching the auctions online.

Below are the accommodations made for the immediate upcoming Pifer's EQUIPMENT AUCTIONS:

Pifer's Equipment Auctions resume March 2021! - Check back for updates!

OTHER EQUIPMENT AUCTIONS –Check back for Updates!

- Online Bidding is available for all equipment auctions and is encouraged.
- Auction schedule and status changes will be made public at www.pifers.com
- All auction sites are open for equipment inspections. Pifer's recommends that all persons inspecting equipment be cognizant of the CDC recommendations for social distancing. Respect others.

Pifer's Auctioneers has a team that is closely monitoring all information as it is made available and is committed to making the information available to our customers to ensure the safety of everyone who is participating in a Pifer's auction. As we can all understand this is a very fluid and volatile situation, and Pifer's is committed to making appropriate responses to each individual situation. If there are any additional changes to Pifer's auctions, we will directly communicate these changes to our customers on www.pifers.com. Feel free to contact us at any time with questions at 877.700.4099.
